

Credit Overload Request Form

The maximum credit load for a graduate student is 15 credits (Fall/Spring) and 12 credits (Summer). During summer, the 12 credit maximum applies where the equivalent is 1 credit per week, regardless of the summer session. The enrollment system counts all credits when determining credit load; this includes courses taken as pass/fail or audit and undergraduate level courses (below 300). If you wish to go over the maximum credit limit, a credit overload request is required. Include ALL courses for the entire semester on this form. Email the completed form to gsacserv@grad.wisc.edu or deliver to 217 Bascom Hall. The student will receive notification of approval/denial by e-mail, 1 – 2 weeks after submission. If submitted prior to registration for the term requested, it will be reviewed 1 – 2 weeks after registration for that term.

Student Name:
Wisc Email:
Student ID Number:
Major Program:

Term for which you are requesting the overload:
Fall Spring Summer Year
Do you have a graduate assistantship for the above term?

Proposed Course List: (include ALL courses you intend to take)

Table with 5 columns: Course Number (3 digits), Course Name, Pass/Fail, Audit or Graded, Credits, Session (i.e. regular, DHH, ACC)

Total credits requested for this term (including pass/fail, audit, and under 300 level):
